The two lakes are located in the Holy Place near Meztliapan, the lakes are the "Lake of Life" in which Tezcatlipoca lives and the "Lake of Sacrifice" in which Tlatecuhtli is sealed.

The Lake of Sacrifice, is a sacred place, in which many rituals have been realized to the God sealed in the Lake, with the hope of releasing it someday It's know since the begining that the God in the Lake, is pleased with humans sacrifices and its power gets stronger the more sacrifices are offered to it

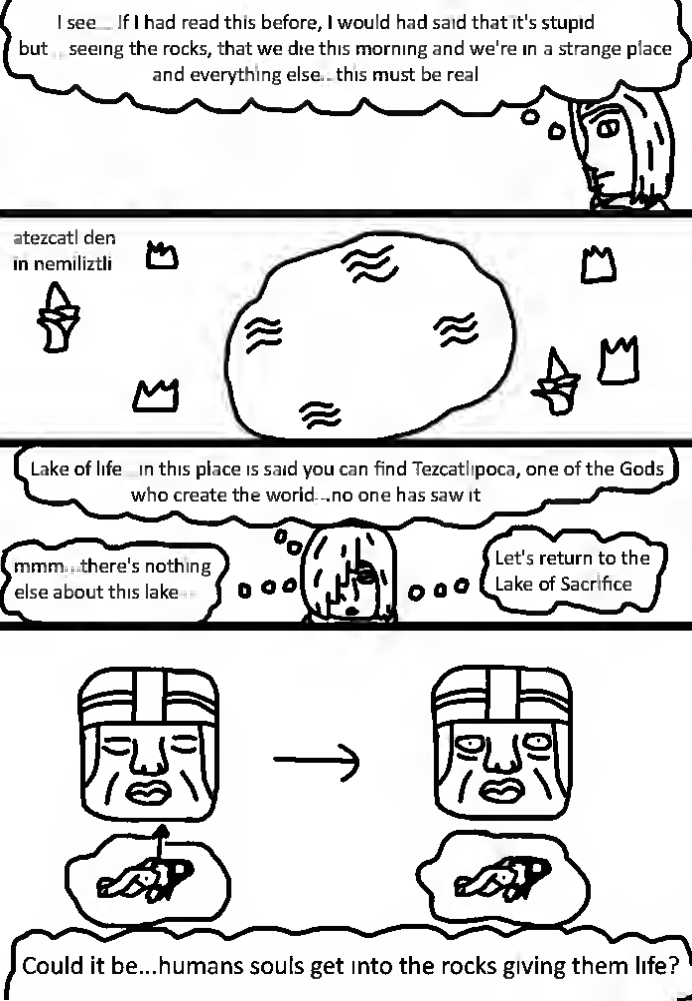
Wait...so the rocks we saw before...were born from a sacrifice...to this strange kind of spirit?



I see... If I had read this before, I would had said that it's stupid but... seeing the rocks, that we die this morning and we're in a strange place and everything else... this must be real

Lake of life... in this place is said you can find Tezcatlipoca, one of the Gods who create the world... no one has saw it
mmm... there's nothing else about this lake...
Let's return to the Lake of Sacrifice
Could it be...humans souls get into the rocks giving them life?

Hey Rodrigo
After having seen some of our classmates die, I have been thinking about our lives... we haven't done many things...
Like what?
we never had a girlfriend, our first kiss or even more friends... I know you like...
Hey! you don't need to say it... it's impossible to me...
Maybe you're right Luis . our lives are shit, and this can be our chance to change something
You know... I'm always bored about everything... but this morning when the rocks appeared, I felt excitment for first time in many years

Hey! Glasses
Don't call me by that nickname
Well... I was hoping if we can talk... I'm tired of reading these books
Uh... Sure
I was tired of not be able to read these books
So tell me... who do you like?
Eh? No one, I'm not interested in anyone
What a shame... because I like you
EHHHHHHHH?
Jajajaja... it's a joke Jajajaja... your face is red
It's not funny

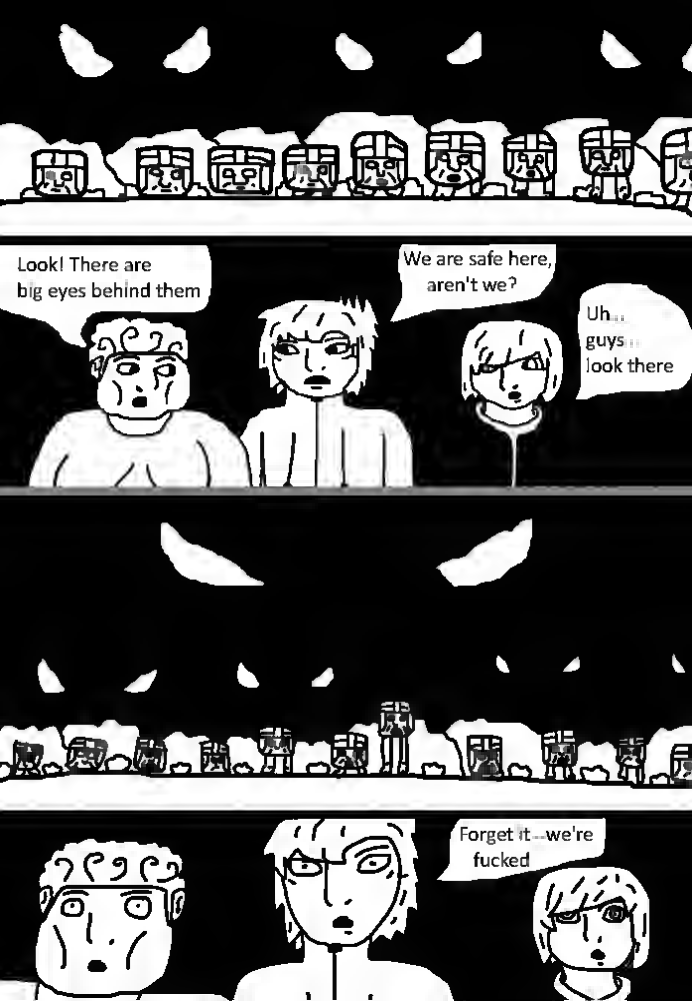
You know, recently, I'm very interested in love, but I don't wanna experience it, instead I want to analize it in others couples
But...there are so few couples in our classroom...only one to be precise
Jafet and Carol are the only couple...
I heard that Candy and Manuel, broke up in summer
That's true...Candy told me, she broke with him two weeks ago
?
You know...Frida, the other glasses-girl is in love with Ray, but Ray likes other girl, but I'm not sure who is
Also many girls like Leo and Arthur, but I think they are already a gay couple Jajajaja
Also... There is someone who looks at you with love...but I'm not telling you who is

I don't care
Really?
Hey Glasses, tell me, are we friends, aren't we?
I don't consider anyone in the class as my friend, friends in school only last until graduation
Oh, so you're that kind of person
Yes...I don't need friends...I'm friendly and I get on well with everyone, but I don't see anyone as a friend

There are a lot of people in this kingdom, but they aren't too friendly, they don't talked to me even when I tried to talk to them
Heeey!!! Raaaay!!!
Oh, is you
I want to thank you for pulling us in the chariot and helping me with the first rock You were so coo!
Oh You're welcome
You said helping you with the rock? That means...you're Frida I thought you were the glasses girl who wanted to be the leader You and she are very similar with the glasses and haircut
Eh? You're such a jerk, Ray!!!
She has a very nice ass

HEY!!!!
Hello, you were here all the time?
...
...
...
Uh? Hello Vanessa
Yes, we have been here all day
Do you need something?
Not really, I just wanted to talk with both, you are always apart from everybody, so I want to hang out a little with you
Or maybe, you don't want me to be with you
Do whatever you want, we don't care

What's that?
A cloud of dust , and the rocks?
There are too many
There's a huge one!!!
Really , there are too many
Don't worry, the walls and cannons will stop them



Look! There are big eyes behind them
We are safe here, aren't we?
Uh... guys... look there
Forget it---we're fucked

Run!!!
Step aside!!!
z

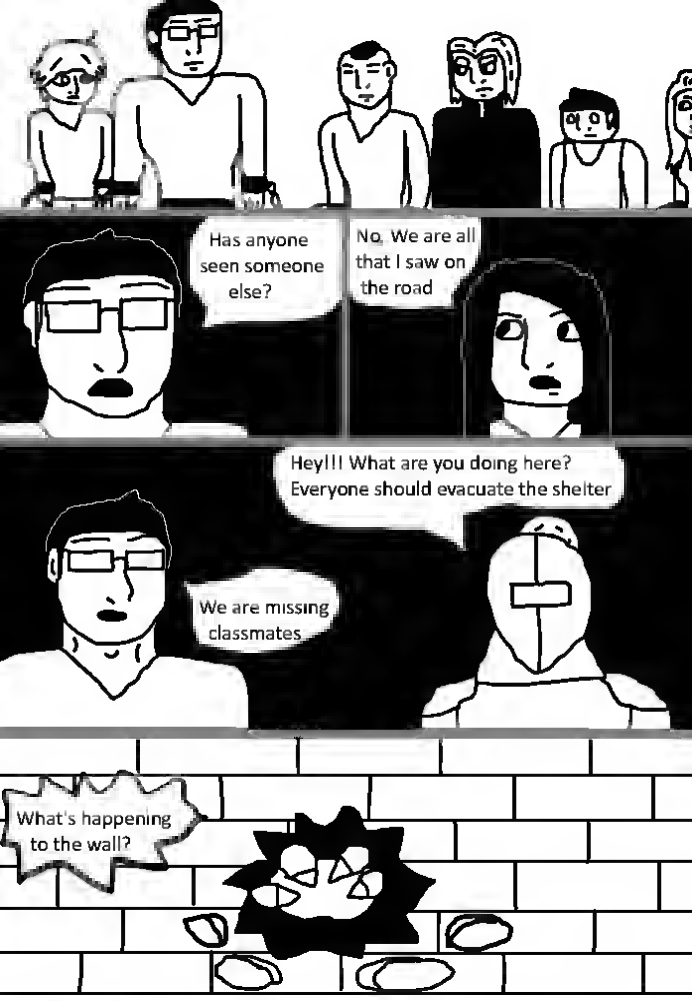
Let me pass!!!
...
What the fuck is this riot?
Everyone is running in the same direction
Everyone come to the underground shelter
Remember to keep calm

My Lord, we have evacuated almost all citizens
Well done soldier
Bring me my armor
Also, everybody take their positions and prepare for combat
Yes, my Lord
I have been waiting one year for this day...
It's time for our final battle stupid spirit



Has anyone seen someone else?
No. We are all that I saw on the road
Hey!!! What are you doing here? Everyone should evacuate the shelter
We are missing classmates
What's happening to the wall?

The wall is broken!!!
